Letters to the Editor

I just wanted to send out a quick thank you note to everybody that gave me their card or signed my guest book in Savannah last weekend. I had a great time and was thrilled with how nice Savannah is! I met a lot of great people and was happy to talk about my art with people. Please feel free to drop me a line anytime – and check out my website every now and then – I put new stuff up every week.

First, thank you for putting on such an excellent conference. It was probably the best vacation I have ever taken. For years I have been wanting to get to St. Helena to see the Gullah history. Thank you, thank you! And the people were so very friendly! And the food, Wow! I could go on and on! It was nice meeting Emmanuelle. I am proud to be a member of FASA!
