"On the Wall"

benefit for Portland, Oregon Skate park
2005 Matt Sesow painted on a pair of blank canvas Vans shoes.

18 Pairs of Vans
9 Skateboards
1 piece of cement

and that's the stuff that made it into the catalog...

The pieces shown in the following pages were created by a varied and talented group of artists working in a variety of mediums. spray paint, acrylic, sharpie (or a combination of all of the above).

The artwork has been created to serve a greater good. All of the proceedes from on the wall. will go to Skaters For Portland Skateparks to aid in getting more FREE PUBILC SKATEPARKS built in metro Portland.

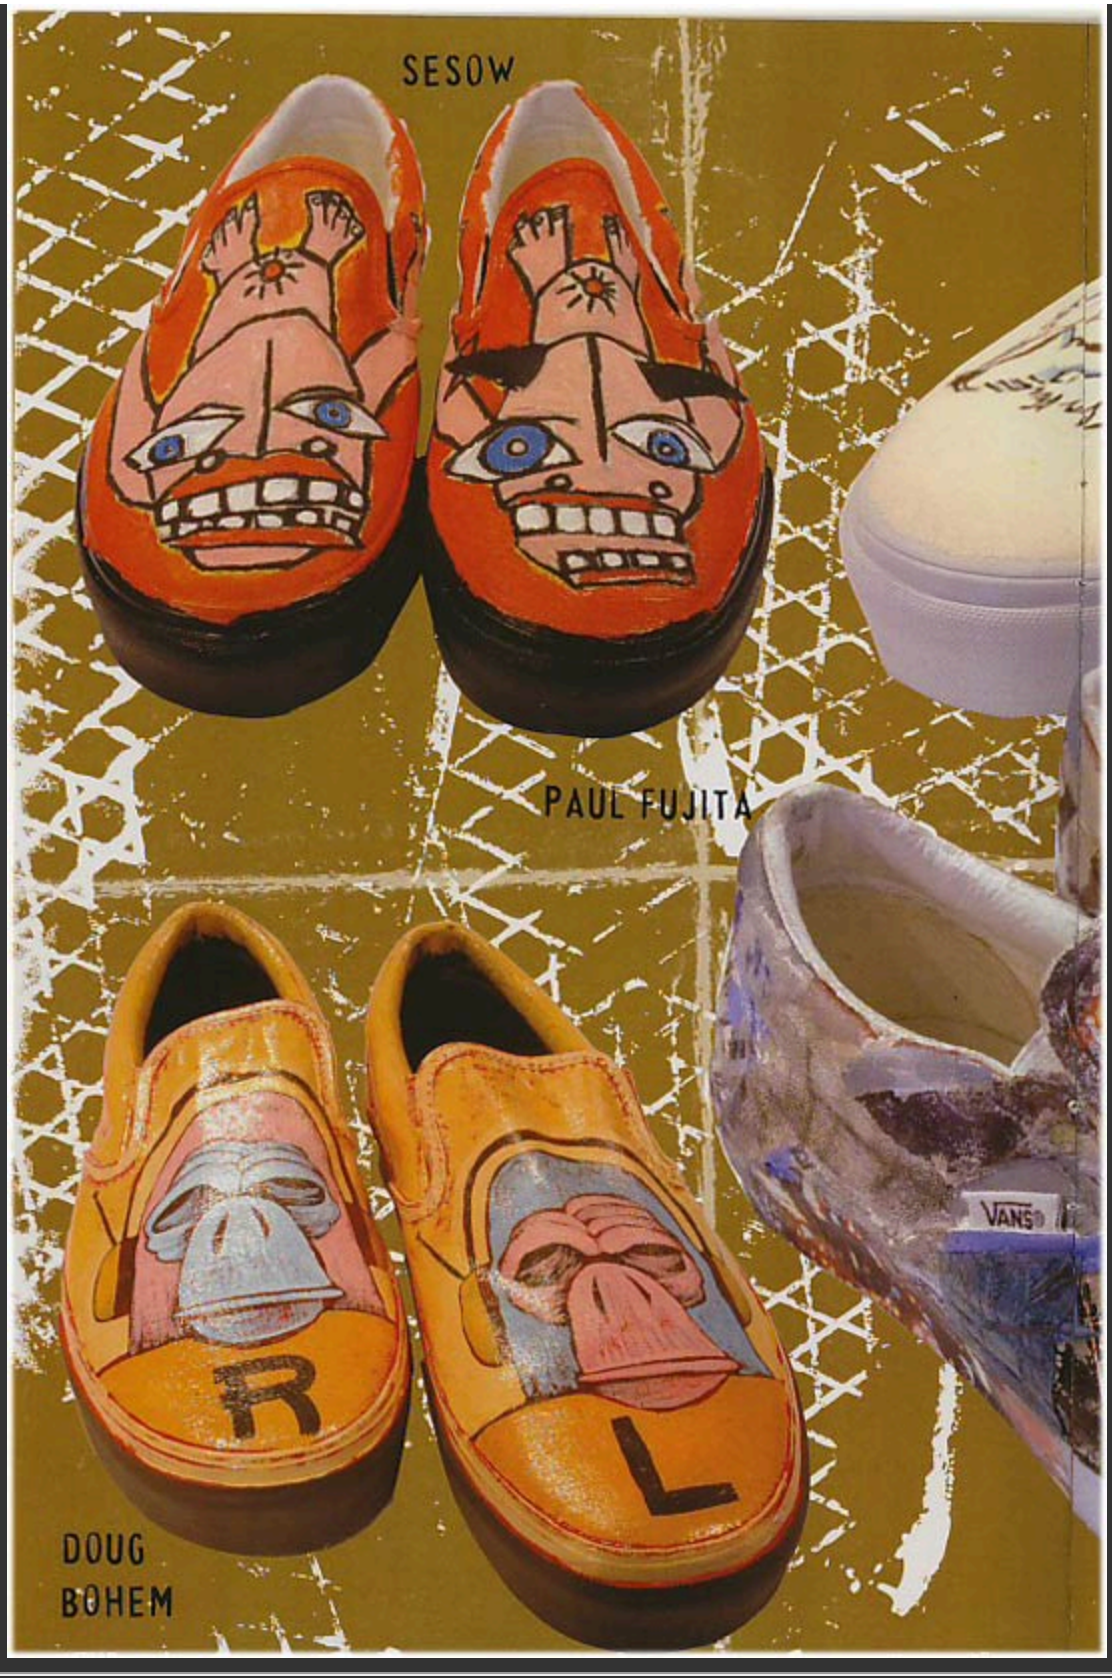

So it is with the utmost appreciation and admiration for all of the artists who donated their work and time to this show that I dedicate this catalog.

Skate and create....
